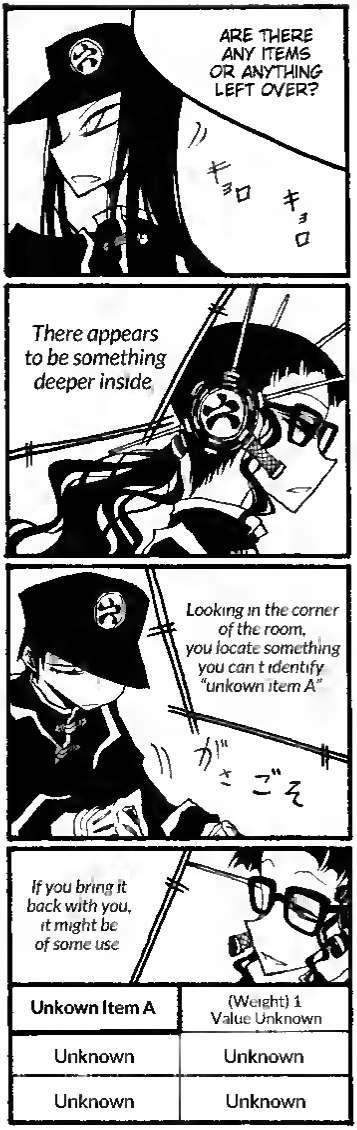
Even Though We Imagined All Sorts Of Possible Scenarios...

...
CAN I ROLL A PERCEPTION CHECK?
Go ahead
I GOT 7, WHAT DO I SEE?
Well,
you don't sense any signs of life, but you see a mound of monster corpses.
He's getting some crazy good rolls
SO I WAS ABLE TO WIPE OUT ALL OF THEM...
THERE'S NO WAY WE WOULD HAVE SURVIVED IF WE'D JUST WALKED IN HUH?
...

Unidentified



ARE THERE ANY ITEMS OR ANYTHING LEFT OVER?
キョロ キョロ
There appears to be something deeper inside
Looking in the corner of the room, you locate something you can t identify "unkown item A"
If you bring it back with you, it might be of some use

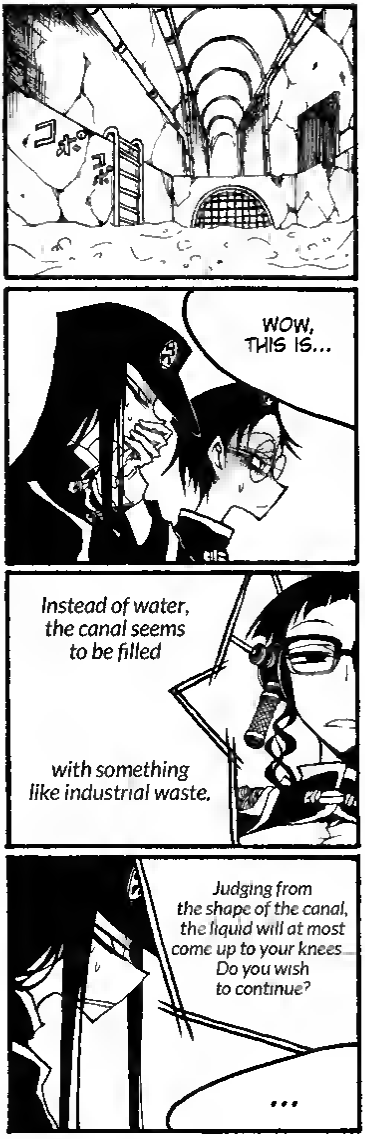
Dependent On How The GM Feels

SO IT'S GOT A WEIGHT OF 1...
EVERYONE'S HOLDING THEIR MAX WEIGHT SO I'LL DITCH MY SPARE MAGAZINE AND CARRY IT.
YEAH, SORRY FOR MAKING YOU DO THAT
D-DON'T YOU THINK THROWING IT AWAY IS A BIT CARELESS? I HOPE EVERYTHING TURNS OUT OK.
WELL, THAT'S TRUE, BUT...
WELL, LET'S JUST HEAD TO THE CANAL FOR NOW.

Canal



WOW, THIS IS...
Instead of water, the canal seems to be filled
with something like industrial waste.
Judging from the shape of the canal, the liquid will at most come up to your knees. Do you wish to continue?
...

25 Meter Pool

ALRIGHT... SINCE I HAVE THE MOST VIT, I'LL GO IN FIRST.
So you'll keep going on then
SO... CAN WE SEE WHAT'S ON THE OTHER SIDE OF THE CANAL?
IF THERE'S SOMETHING THERE... OR EVEN HOW FAR THE OTHER SIDE IS.
You can see the other end of the canal from where you are, but there doesn't appear to be anything there
It's about 25 meters to the other side Think of the canal as more of a giant pool.
Would you like to swim inside it?
